## Introduction

The Grenada Constitutional Referendum of 2016 initiated the real preparation of the Parliamentary Elections Office for the imminent elections mandated by the Grenada Constitution of 1973.

By the end of February 2017, Her Excellency the Governor-General terminated the appointments of eight (8) Registration Officers. Immediately, the newly appointed officers began a series of extensive training in order to effectively carry out their functions.

The Assistant Supervisor of Elections tendered her resignation in February and Ms. Gretha Franklyn was chosen to fill the existing vacancy by the Governor-General in April of 2017.

Cooperation of long-standing Registration Officers, office staff and Assistant Registration Officers contributed immensely in acquiring the readiness level that was exhibited. A mock general elections exercise was conducted from June to August of 2017, in which all officers were exposed to the requirements of the Representation of the People Act Cap. 286A and amendments. Several interactive sessions were held and by September of 2017 our officers unanimously stated that they felt ready for the task ahead. This assurance meant that polling stations, presiding officers and poll clerks had to be addressed. In their monthly reports, feedbacks were provided regarding the above in the various constituencies.

It must be noted that all presiding officers and poll clerks who served in constituencies where they were not registered were placed in their constituencies in order to afford them the opportunity to vote if they chose to do so. This arrangement was supported by our Registration Officers.

## Training

Training sessions for all presiding officers and poll clerks began on 29<sup>th</sup> November, 2017 and ended on 13<sup>th</sup> December, 2017. PowerPoint presentations and handouts were done by the head office and two experienced officers, namely, Mrs. Meryl Lord and Mr. Matthew Joseph. These were well received and in the words of most officers “needed and timely”. Demonstrations were done to assist persons in fully understanding requirements in handling electors with disabilities or those who would need special assistance on polling day. Further sessions led by the Head Office for Returning Officers, Presiding Officers and Poll Clerks took place from 22<sup>nd</sup> February to 28<sup>th</sup> February, 2018. No one was left out as meetings with candidates and agents were facilitated from 31<sup>st</sup> January to 12<sup>th</sup> February, 2018. They were well attended and persons benefitted from the sharing of our Systems Administrator, Mr. Michael Millette. The Registration/Returning Officers held many sessions with their officers to further strengthen their understanding of the process. Quizzes were organized in some constituencies.

Our Attorney-General coordinated a session on 17<sup>th</sup> January, 2018 at the Public Workers Union Building where many issues were clarified.

## Legislative Amendments

From the last General Election of 19<sup>th</sup> February, 2013, the Representation of the People Act Cap. 286A has been amended by Act No. 27 of 2016 (Representation of the People (Amendment) Act, 2016) and Act No. 36 of 2017 (Representation of the People (Amendment) Act, 2017).

## Voter Education and Awareness

The website organized by the Parliamentary Elections Office [www.peogrenada.org](http://www.peogrenada.org) was invaluable in educating persons about our operations and for checking their registration status. Many thousands interacted with this service and it is now an important tool in our operations. The Parliamentary Elections Office has embraced technology. This area will continue to be strengthened.

Our Civic and Voter Registration Officer, Mr. Ferdinand Phillip did a fantastic job in visiting schools, engaging the electorate in the streets and bus terminals, sharing on radio and television about the rights and responsibilities of stakeholders. The program “Empowering the Electorate” really helped in educating the electorate. The many interviews and appearances on television and radio programs by officers from the Parliamentary Elections Office were commendable. Feedbacks were encouraging and comments like “first time we have so much information concerning the Parliamentary Elections Office” were received. We spared no resource or opportunity to educate.

## Polling Division and Polling Station Changes

In the constituency of Town of St. George an outstanding issue was laid to rest. Polling divisions G07 and G09 had reached to very small numbers that would have interfered with the integrity of the process. A decision was taken to merge polling divisions G07 and G01 and polling divisions G08 and G09. This meant that polling divisions G08 and G09 became polling division G07 in order to fall in line with consecutive numbers for the various polling divisions. As a result, Town of St. George had seven (7) instead of nine (9) polling divisions. This was long overdue.

Polling stations were examined for accessibility and convenience as persons with disabilities were heard. I wish to thank the Government for the construction of a motorable concrete ramp at the St. Dominic's R.C. School in time for elections.

The under-mentioned changes were made regarding polling stations used in the constituencies.

On Tuesday, 30<sup>th</sup> January, 2018, Her Excellency the Governor-General issued writs to fifteen (15) Returning Officers appointed under Section 29(3) of the Representation of the People Act Cap. 286A, to conduct General Elections in fifteen (15) constituencies on Tuesday 13<sup>th</sup> March, 2018 in the State of Grenada.

## Election Day

Election Day was March 13, 2018. Two hundred and fifty-four (254) polling stations were set up in the fifteen (15) constituencies, where five hundred and eight (508) Presiding Officers and Poll Clerks ensured that everything was in place for a prompt start at 6 a.m.

A total of seventy eight thousand, two hundred and ninety-five (78,295) persons were eligible to cast their ballots in the General Elections. That includes eight hundred and eighty (880) police officers who were eligible to cast their ballots on March 9, 2018 (Special Polling Day).

Voters turned out early and long lines were reported throughout the country in the early hours. No more than three hundred and thirty-one (331) persons voted in any one of the stations.

During the day, two (2) calls were received about irregularities in the St. George North East and North West constituencies. Quickly, the Returning Officers for the respective constituencies were asked to intervene. They reported that upon investigation the matters couldn't be verified and voting was going smoothly in all stations. Calls to other constituencies revealed the same.

Observer Mission Groups from the Organization of American States (OAS) (6 persons), CARICOM (11 persons) and British High Commission (1 person) were provided with credentials and other information requested in order to gain access to visit the polling stations and make unfettered observations as desired.

Reports state that one hundred and sixteen (116) polling stations were visited by the OAS Team on Polling Day.

Preliminary results which came in rapidly on the night of the elections indicated that the New National Party (NNP) led by Dr. Keith Mitchell had a majority in all fifteen (15) constituencies.

## Post-Election Day

The following day, Wednesday, March 14, 2018 was declared a public holiday; therefore, the final count was postponed for Thursday, March 15, 2018.

The results were unchanged although there were a few minor changes with preliminary numbers.

After the final count on March 15, 2018, it was confirmed that a total of fifty seven thousand, six hundred and fifteen (57,615) electors voted in the Elections.

### Final Summary

## Acknowledgement

Elections 2018 was challenging and rewarding. The many changes that were taken on board with a view to improving the operations of the Electoral Office paid great dividends.

At no time were the Returning Officers and office staff doubtful that the task was achievable. Our Systems Administrator (Mr. Michael Millette) must be given high commendations for his innovation, dedication and going beyond the call of duty to ensure that everything was done to high standards and on time, in all areas. Our Senior Administrative Officer, Administrative Officer, Civic and Voter Registration Officer, Clerks, Assistant Supervisors and everyone at the office who ensured that everything went as planned must be complimented. The maintenance of a professional approach and commitment helped to make it happen. They were the driving force behind our achievement.

Our police officers under the command of Deputy Commissioner, Edwin Martin were there to assist at every step of the way. Thanks for that great partnership that ensured the integrity of the process. We applaud the approach taken to serving and protecting. It couldn't be done without this high level of support.

The staff at the Government Printery, thanks for tolerating us and helping us to be ready in a timely manner. They did a great job.

To our election clerks, assistant registration officers, returning officers, presiding officers, poll clerks, marshals, media personnel, chauffeur and supporting staff, I thank you.

To all stakeholders, thank you once again for this opportunity to learn and share with you. The knowledge gained will be used to improve future elections. It is indeed a pleasure serving in this capacity – humbling and rewarding.

I believe that when the electorate believes that elections have been free and fair, they can be a powerful catalyst for better governance, greater security and human development.

Let us make democracy work. Let us be a nation of participants and not simply observers.

Looking forward to increasing inputs as together we strengthen our democracy, achieve and advance as one people with God as our guide.

  
.....  
Alex Phillip (Mr.)

**SUPERVISOR OF ELECTIONS (AG)**
